Dear [REDACTED],

KNOWSLEY CORE STRATEGY MODIFICATIONS CONSULTATION

Thank you for offering the Highways Agency the opportunity to meet with Knowsley Council representatives to discuss the above. Following our meeting on 25th November 2015 I can confirm:

1. It is the intention of the Highways Agency and the Council to prepare a joint Statement of Common Ground (SOCG) to support future collaboration.
2. The discussions at the meeting indicate that the concerns of the Highways Agency can be addressed by work already programmed / commenced by the Council and further joint working.
3. Subject to these concerns being addressed, it is the Highway Agency's intention to withdraw our representations to the Knowsley Core Strategy Modifications consultation.

Yours sincerely,

[REDACTED]
