

KNOWSLEY CORE STRATEGY EXAMINATION

MATTER 10: TRANSPORT AND RESOURCE MANAGEMENT

STATEMENT BY BARTON WILLMORE
ON BEHALF OF JUNCTION PROPERTY LTD

OCTOBER 2013

1 Question 10.1: Policy CS7 Clause 7

- 1.1 JPL supports most of the objectives of Policy CS7. However, it considers that Clause 2e should be deleted. The reference to "*emerging new technologies*" is vague and uncertain. Moreover, if technologies are "*emerging*", it must mean that their effectiveness has not already been proven. In such circumstances, planning policy should not require their use within new developments. In addition, there has been no viability testing of this requirement.
