

Hello my name is

Hannah Francis

What do I do?

I work with young people to understand what they're good at, what they enjoy, and what they might find tricky at school.

I work with lots of different people to try and make changes that can help you and your learning, so that you can achieve your goals. My job is called an Educational Psychologist, and I work for Knowsley Council.

What am I doing?

I would like to get to know a little bit about you, and to help me do that, I might speak with the adults you live with and talk to adults at your school. I would also really like to get your views, so that I can understand what you think of education and learning. Nobody knows this better than you; that is why your views are so important.

I will write a short report and share it with the adults who support you. This helps them understand what matters to you and how they can help you achieve your goals.

If you decide you don't want to work with me, that's okay too! Just let me or a trusted adult know on the day.
