Knowsley Local Plan Timetable

As part of the preparation of the Knowsley Local Plan, the Council must create, publish and keep a Local Plan Timetable up to date.

The timetable will set out when the Council propose to prepare the Knowsley Local Plan. It provides a starting point for the residents of Knowsley to learn about the timescales for preparing the Plan, as well as anyone else with an interest in preparation of the Plan.

Local Plan

The Knowsley Local Plan will provide the statutory planning framework for all planning matters including minerals and waste, for Knowsley. The Plan will include a vision for the future of Knowsley, setting out how the area is intended to change, a spatial strategy, policies to ensure local needs are addressed and allocations to deliver development to meet needs and maintain supply.

The Plan will cover the whole of the district of Knowsley, a map showing the area covered can be found at Figure 1 below. The Council does not propose to prepare any additional documents, such as Supplementary Plans, at the current time.
